

SHOOT HIS WIFE AND KILLS HIMSELF

M. BARTEMUS' RASH DEED THROUGH JEALOUSY.

Returned From Winter's Work and Found Letter Which He Thought Compromised Her—Rhoda Brownhall Unable to Give Bond—Doctors Say Lynch is Insane—State News

Phillips, Wis., April 22.—Family trouble was the cause of a double tragedy here today. Michael Bartemus, who lives a short distance from the city, had become jealous of the attentions shown to his wife by another man; a climax was reached this morning when he shot his wife and then turned the weapon on himself. While he only succeeded in inflicting a severe flesh wound upon his wife, he died within an hour.

He left a letter saying that he hoped to be forgiven; that when a couple had lived together for nine years and could not live longer in peace, it was time for them to voluntarily die together.

It seems that he had contemplated this method of ending his trouble the past few days. He had just returned from his winter's work in the woods and had been drinking. He had told friends that he found a letter directed to his wife from another farmer in the town, which he said proved her unfaithfulness to him. The couple are foreigners and of middle age.

Unable to Give Bond

Oshkosh, Wis., April 22.—Rhoda Brownhall, formerly known as Rhoda Hall, appeared in the municipal court today and was bound over to April 27. Bail was fixed at \$4,000, which she could not give. She was handsomely attired and manifests a disinclination to talk about the case. The check raised to \$10,000 she apparently has destroyed and will base her defense upon the claim that the \$2,500 one is genuine and given her in a bona fide way by Stringham.

Say Lynch is Insane.

Mauston, Wis., April 22.—Dr. Walter Kempster of Milwaukee, and Dr. Gill of Madison, were on the witness stand yesterday and today as expert witnesses on behalf of A. F. Lynch, who is being tried for the alleged murder of his father-in-law, Mr. Wetzel, in Tomah in June, 1898. Both doctors testified that Lynch is insane, and was at the time of the homicide. The defense has closed its case in state, and is now introducing testimony on the question of insanity.

Cherney Has Sold Out.

Madison, Wis., April 22.—Albert Cherney, the Vermont Yankee who kept a restaurant in Madison since the early days of the republic, has sold his place, and will retire May 1. "Cherney's" has been known to the habitués of Madison for two generations, at least, and there have been few men of prominence in Wisconsin government or politics to whom the old man has not furnished entertainment.

River May Seek Old Channel

Omaha, Neb., April 22.—The Missouri river threatens to return to the original channel from which it turned more than twenty years ago. A great many families have moved from their residences in the northern part of the city, but the flood cannot reach any of the city of Omaha proper. All damage must be confined to that section known as North and East Omaha. Many men are engaged in placing sand bags and throwing up earth in different parts of East Omaha to keep out the advancing river.

LINE CITY MARRIAGE

Romaine Sprague and Miss Anna Moran Wedded—Strike On at John Thompson & Sons.

Beloit, Wis., April 22.—[Special]—Romaine Sprague and Miss Anna Moran were married Thursday night by Rev. M. J. Ward. Only a few intimate friends were present at the ceremony. Miss Mae Moran, sister of the bride, acted as bridesmaid, and George Day was best man. Miss Moran is well known in the city and has many friends. Mr. Sprague is an employee of the Beloit Iron Works. The newly wedded couple left on the 9:45 train for Madison, Janesville and Milwaukee. They will be at home to their many friends after May 1.

A strike is on at John Thompson & Sons this morning. Yesterday gates were put up around the shop, so that none of the men could leave the shop after coming in. The keys to the gates were given to one of the men of the shop, but who the man was the shopmen did not know; therefore when they wished to get out they did not know where to get the key. Fairbanks, Morse & Co. have gates, but they have gate keepers; so when anyone wishes to leave the shop they can. Owing to this new act of Thompson & Sons, about one hundred men are on a strike this morning.

The Clarion club gave a white cake walk in the city hall last night. A great crowd witnessed the walk, which was very fine. Those who walked are as follows: William O'Neil and Miss Anna Peterson, of Janesville; Joe Joyce of Rockford and Miss Mary Means, Roy Hurd and Miss Ethel Pfeiffer, John Cocana and Miss Clara Hansel and Master Morty Phinn and little Zora Lano. The cake was carried away by the little ones, Zora Lano and Morty Phinn. They are wonderful little cake walkers and they were fine last evening. The first prize was given to Mr. Wm. O'Neil and Miss Anna Peterson. The music was by the "Big Six" orchestra and it was superb. A dance was also given and altogether it was a fine affair.

Harlow gave an interesting account of Vicksburg.

LAWTON MARCHED ON TO NOVALISCHE

ENCOUNTERED LITTLE OPPOSITION ON THE MARCH.

Found Town Deserted—One Small Force of Filipinos Met While Enroute, But Were Easily Repulsed—War Department Has Heard Nothing From Gen. Otis Today.

Manila, April 22.—[Special]—Gen. Lawton marched on to Novalische today. He found the town deserted and encountered little opposition on the march. One small force of Filipinos were met while enroute, but were repulsed easily at the expense of only a few shots. One man from the North Dakota regiment, was slightly wounded.

This lack of opposition to Lawton's men is a striking contrast with that met by McArthur, who traversed practically the same country not long ago. McArthur's advance was stubbornly contested and he had to fight nearly every foot of the way.

Lawton will probably join McArthur, but he is making a wide detour enroute with the idea of rounding up the rebels further in the interior and putting a stop to the night guerrilla attacks on forces along the railway.

The troops with Lawton are two battalions of the Third Infantry, Twenty-second Infantry, Fourth Cavalry, North Dakota volunteers, and Gates' squadron. Lawton also has two field guns.

No Word From Otis Today.

Washington, April 22.—[Special]—The war department has heard nothing from Gen. Otis today, but it has reason to believe that he was surprised at the easy march Lawton was having in the interior.

It is evident from Otis' last dispatches that he expected Lawton to meet with serious opposition during his advance. The enemy was first encountered in front of Novalische and were met by the Dakota regiment, but retired in bad order after fifteen minutes firing. The Americans are constantly annoyed by the fire of the rebel sharpshooters from the jungle.

London, April 22.—John Barrett, United States minister resident and consul-general at Bangkok, Siam, has just arrived in London from Manila. His views on the Philippine situation are of decided interest. "There is nothing in the situation so far as I see," he said, "to worry about. Events have gone precisely as was expected and prepared for in advance. The American generals knew from the start that the country was a mere morass, save along the line of the railway, and therefore the troops have withdrawn for the hot season.

"As to those grumbling volunteers, and the Minnesota men in particular, I can only say that I moved among them continually and heard nothing to warrant the report that they are petitioning to return. I think there must be exaggeration somewhere.

"For the rest I take a hopeful view of the situation so long as a firm front is shown and the Filipinos are impressed with the idea that we mean to carry the business through. Again, I believe, is on the verge of giving way and making terms for the stoppage of hostilities."

CONFESS PANA CRIME.

Murder of Miss Jane Brunot—Fred Sibley and Henry Brunot the Assassins.

Pana, Ill., April 22.—Fred Sibley and Henry Brunot, two well-known young men of Pana, were arrested Thursday night at the Brunot farm, six miles north of the city, charged with the murder of Miss Jane Brunot of Dana, Ind., who was visiting her sister-in-law, Mrs. Charles Brunot. Friday they confessed their crime. Mrs. Charles Brunot was also arrested and brought to this city, charged with being an accessory, but she was released when the young men declared she had had nothing to do with the murder.

At daybreak Friday the search for the body of Jane Brunot was begun, and at 8:30 o'clock it was found in an old well on the Brunot farm. There were four bullet holes in the body, two having pierced the heart. Jane Brunot was aged about 40 years and unmarried. Sibley and Brunot are both aged about 20.

GIGANTIC PROJECT OF COUNTERFEITERS

PLANNED TO SWINDLE GOVERNMENT OF MILLIONS.

According to Secret Service Officials, Attempt Was to Be Made to Corrupt Trusted Officials and Exchange Spurious Notes For Good Money—Details of Scheme, Which Will Fail.

Washington, April 22.—[Special]—As a part of the gigantic project for making spurious notes, for which arrests were made at Philadelphia and Lancaster, Pa., last Wednesday, it is now intended, according to secret service officials, to attempt the corrupting of a trusted official of one of the United States sub-treasuries and to work off ten million dollars in counterfeit notes directly upon the government.

It was the intention to bribe the cashier in one of the sub-treasuries to deposit the entire ten million dollars, get out good money and have the government work off the counterfeit money.

Chief Wilkie has the full details of the scheme which will fail.

PAYNE FOR SPEAKER

The Senator Announces Today That He Is a Candidate For Speaker.

Washington, April 22.—[Special]—Senator Payne, the leader on the floor of the house, announced today that he was a candidate for speaker.

ALL CONDITIONS FAVORABLE.

General Situation One of Quiet Strength—Continued Activity in Industrial Lines.

New York, April 22.—R. G. Dun & Co.'s weekly review of trade says: "Nothing appears in business or in money markets to prevent continuance of the heaviest trade ever transacted at good profits. The payment to Spain is supposed to have caused some rise in foreign exchange, which would amount to nothing in any case, as balances due from other countries more than cover the payment, and advance bills against crops to come forward in July and later will soon be offered. Nothing but industrial depression is left to excite apprehension, but the industries are meeting something very unlike depression. The kind of 'bull' that appears in the iron market rejoices the manufacturers, because they are crowded far ahead with orders. The coke production is still close to the maximum. London speculation lifted tin to 25½ cents, and copper is very strong and scarce at 18½ cents for lake.

"Failures for the week have been 134 in the United States, against 204 last year, and 22 in Canada, against 29 last year."

Bradstreet says: "The general business situation is one of quiet strength, while in industrial lines activity continues unabated. For March a drop of \$18,000,000 in exports of breadstuffs, cotton, provisions, live cattle and mineral oils has been partly made up by a gain of nearly \$10,000,000 in other products, leaving the net deficiency, as compared with a year ago, 7 per cent. The cotton goods situation is still a strong one, although current demand from agents is light. Following the outburst of activity in wool last week, business has rather fallen off, but values remain steady. Leather and hides are strong and boots and shoes hold recent advances.

"Wheat (including flour) shipments for the week aggregate 2,932,959 bushels, against 1,933,619 bushels last week. Corn exports for the week aggregate 3,091,940 bushels, against 2,666,125 bushels last week."

Miss Inez Goiner, the female tramp, who fell into the hands of the police yesterday morning at 4 o'clock, was sent to the home of an alleged friend near Prairie du Chien, last evening.

Miss Goiner said that she would rather go there than to remain in Janesville and work.

She informed Chief Hogan that she intended to secure work in some private family. By the removal of Miss Goiner to another portion of the county saves the county a considerable amount of money.

Oregon Troops May Stay.

Salem, Ore., April 22.—Gov. Geer, in reply to numerous requests that he make demand for the return of the Oregon volunteers now in the Philippines, has issued a statement to the effect that he would consider such a proceeding a discredit to the state and unjust to the boys themselves, who were anxious to go to the Philippines and see active service. He declines to act on the suggestion.

Illinois Wins the Debate.

Urbana, Ill., April 22.—Illinois was victorious in its debate with Indiana by a unanimous decision of the judges. Her speakers—C. J. Posey, Harold F. Trapp and Harlan H. Howe—supported the negative of the question, "Resolved, That the American federal system is adapted to the government of the Philippine islands." Indiana's team was composed of W. H. Stout, Paul L. Haworth, Ernest H. Lewis.

APPOINTMENT AN EMPTY HONOR.

Senate Is Not Likely to Seat Mr. Quay Until He Is Elected.

Washington, April 22.—The action of Gov. Stone of Pennsylvania in appointing ex-Senator Quay to succeed himself is an evidence of friendship, and will have no more effect than to indicate to the public the solution which the governor would suggest in the senatorial deadlock.

The senate of the United States is the judge of the qualifications of its members, and is not bound by precedent, but in similar cases it has invariably decided that a governor has no authority to fill a vacancy which the legislature had left at adjournment.

It is the opinion of well-informed authorities here that as a vacancy exists Gov. Stone must call the legislature in extra session within sixty days. It is recalled that whenever such cases have arisen in the senate Mr. Quay has voted against seating men appointed under the circumstances which surround his own case.

Mr. Quay is popular with his colleagues on both sides of the senate chamber, and his friends may be willing to make an exception in his case.

The highest point to which man can ascend without his health being very seriously affected is 16,500 feet.

CABINET OFFICERS DENY THE REPORT

WILL NOT PROSECUTE ANTI-EXPANSIONISTS.

Story Alleged That Certain Men Who Opposed Expansion Were Causing Dissatisfaction Among Volunteers in the Philippines—Cabinet Officers Say Story is Ridiculous.

Washington, April 22.—[Special]—The members of the cabinet deny the story that the cabinet yesterday discussed the advisability of prosecuting a number of anti-expansionists for treason.

The story alleged that certain men who oppose expansion were causing dissatisfaction among the volunteers in the Philippines, with the hope that the regulars alone would not be able to cope with the situation there.

The cabinet officers say that the story is ridiculous.

QUAY CONGRATULATED

Gov. Tanner, of Illinois, Sent a Congratulatory Telegram to Quay Today.

Springfield, April 22.—[Special]—Gov. Tanner today sent a congratulatory telegram to Senator Quay, in which he said: "All good republicans in Illinois join in congratulating you on your vindication from the vicious, cowardly and unwarranted attacks by mugwumps and bolting republicans of Pennsylvania."

KID LAVELLE DYING

Effects of a Knock Out Blow Delivered By John Kavanaugh Last Night.

Charleston, S. C., April 22.—[Special]—The jury in the Lake City lynchers cases reported this morning that they were unable to agree on a verdict, save in cases of three of the defendant, who were found not guilty.

HOBART WILL RETIRE.

Serious Heart Trouble Will Prevent Him Seeking Re-Election.

Washington, April 22.—Vice-President Hobart will not be a candidate for re-election. He will be prevented by the development of a very serious heart affection. This has been foreseen for some time by the physicians who were attending Mr. Hobart, but it was not until recently that they told him his condition.

After mature deliberation the vice-president has decided to accept the inevitable and retire from public life. It is very doubtful if Mr. Hobart will be able to preside over the senate at the coming session of congress. In looking for a new candidate to run with McKinley there will be an inclination to go to the west, the probability being that he will come from one of the "racing states."

Must Amend the Iowa Law.

Clinton, Iowa, April 22.—It has been learned that nothing can be done toward securing sites for government buildings in Iowa till next year. The department at Washington holds that the Iowa law ceding jurisdiction of public grounds, taken in connection with the wording of the appropriation, is insufficient, and that nothing can be done toward the location of buildings in the state till the legislature meets and amends the law.

Boers Were Not Invited.

The Hague, April 22.—The people of the Netherlands are annoyed at the fact that the Transvaal government was not invited to take part in the disarmament conference. The Netherlands government is being attacked in consequence. Allegations are made that the failure to send an invitation to the Boer government was due to fear of offending Great Britain.

Chinese Attack the Germans.

Victoria, B. C., April 22.—The steamer Athenian, which reached port with mail advices to the 5th, has news of an attack by Chinese on a party of Germans who were proceeding to I-Chau-Fu on March 28. A fight ensued, in which several of the Chinamen were killed and wounded. The Germans suffered no loss and returned to the fort at Kiao Chou.

Rhodes Secures Capital.

London, April 22.—Cecil Rhodes has secured the capital for the construction of a railway line from Bulawayo to Gwelo and Mafungabuse, and a British firm has obtained the contract to build 250 miles of the line. Mr. Rhodes has raised \$1,700,000 for railway purposes in Cape Town.

AMUSEMENT WORLD PAST AND FUTURE

"TOO MUCH MONEY" SCORED A HIT—NIT.

Tim Murphy Will Entertain Bower City Theatre Goers in the "Carpet-bagger" at Myers Grand Next Tuesday—Consolidation of Minstrels the Attraction For April 29th.

Empty seats were greatly in evidence as a greeting for Edward Owing Towne's farce comedy, "Too Much Money," which did not score a great hit with Bower City theatre goers. There were a few redeeming features in the play, however. Francis Jones, as Ralph van Blessingen, a rich New Yorker, was very good indeed, as was Charles D. Clark, as Rinaldo Pondonby, an artist. Miss Violet King, as Aletha Midlecroft, a Dunkardness, was equal to the best in the cast. Miss Jessie Stevens as Hanna P. Houlihan was the truest to life of the whole aggregation, and that's what's "the matter with Hanna."

Edward Travers, who was in the city last evening as a member of the "Too Much Money" company, has written a comedy that promises to win for itself a place on the stage in the near future.

It is entitled "A Graceful Liar" and the young man who assumes the leading role carries out the part to perfection, making the situation a most comical and yet not tiresome one. Critics predict that Mr. Travers has a good thing in this new play.

Mastodon Minstrels

Our exchanges say: "Such feats of daring are beyond the conception of the most reckless. La She is a wonderful high-wire artist, and fills his auditors with awe."

Imagine, if you can, a single strand of wire stretched from the Eiffel Tower to the ground below. La She, without apparent effort, ascends the wire, reaches the topmost height, turns, and with speed compared only to lightning, slides to the ground. There are no Eiffel Towers in this country; but La She is always equal to the emergency. His wire is stretched from the dome of the theatres to the stage below where he daily performs his many astounding feats. La She is one of the many special features with John W. Vogel's Afro American Mastodon Minstrels allied with the historic production, "Darkest America," which comes to the Myers Grand Saturday, matinee and night, April 29.

"THE CARPET BAGGER" NEXT
Tim Murphy's New Play at Myers Grand Tuesday Evening.

Tim Murphy's new play, "The Carpet-bagger," in which he will be seen at Myers Grand, Tuesday, April 24th, is described as a political, romantic comedy. The authors are Opie Read and Frank S. Pixley. It has been presented in many of the large cities of the east and west and has made a genuine success. The title will be sufficiently suggestive to anybody who remembers the stirring days in the south, shortly after the civil war. Mr. Murphy impersonates a carpet bag governor of a southern state, and claims to have found a congenial role, which gives him ample scope for fine character delineation. He will be surrounded by an organization that includes Miss Dorothy Sherrod, and a

number of other favorably known actors and actresses. A complete equipment of special scenery is engaged in the production of "The Carpetbagger."

Mrs. J. H. Parker, Who Goes to Beloit, Pleasantly Surprised

Mrs. J. H. Parker was very pleasantly surprised yesterday afternoon, at her home, 112 North Main street, by the members of W. H. Sargent Woman's Relief Corps No. 21. The surprise was in the nature of a farewell to Mrs. Parker, who is soon to depart from this city to make Beloit her home. Mrs. Parker is the senior vice president of the corps. The afternoon was pleasantly passed and a sumptuous picnic supper was served. During the afternoon the hostess was presented with a handsome book as a token of esteem in which she is held.

"A Rolling Stone Gathers No Moss."

This is merely another way of saying that careless men and women fail to get what is due them. Ordinarily the "moss" is construed to mean wealth or social position, learning or benefit of some kind, but the attainment of any of these depends upon health.

And health depends upon what? The condition of the blood, and but few realize this fact. You cannot be well when your blood is impure. Impurities of the blood clog every organ. Hood's Sarsaparilla purifies by taking out the vicious elements and leaving the blood as it should be—the feeder of life.

Pimples—Headaches, nose bleed and pimples made me so weak that I could not work. Hood's Sarsaparilla gave me good sleep, strength, and cured me. ARTHUR M. EHRENTZ, 1941 West Fayette Street, Syracuse, N. Y.

Grip—"Through the blessing of God Hood's Sarsaparilla and Hood's Pills cured me of grip and the after weakness. My heart and nerves were badly affected, but am now strong and hearty, doing all my household work. I have been a walking advertisement for Hood's Sarsaparilla and Hood's Pills among my neighbors." MRS. MARY M. MESSENGER, Freehold, Pa.

Scrofula Sores—"My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth fair skin." MRS. S. S. WATSON, Farmington, Del.

Eruptions—"I spent hundreds of dollars to cure eruptions on my right leg without permanent good. Six bottles of Hood's Sarsaparilla completely cured me. I am very grateful." FERNANDE BARTLETT, 462 Ninth Ave., New York City.

Rheumatism—"My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh. I give it to the children with good results." MRS. J. S. McINTOSH, Stamford, Ct.

PARIS SHIRT WAIST OF NAINSOOK FROM HARPER'S BAZAR

A very pretty shirt waist, and one designed especially for thin fabrics, is of nainsook with pointed yoke of machine embroidery. The pattern, published by Harper's Bazar where the shirt waist appears, consists of back and front yoke a separate band or box-pleat for the centre front, tucked sleeve pattern, and pattern for lower part of back and front of waist. The lower part of the waist is laid in quarter-inch tucks, turning toward the centre from each side, which entirely girdle the body. The tucks are not traced, but measurements are carefully taken so that the paper indicates the exact amount of material required to get the effect shown in the illustration. The sleeves have four groups of three tucks each, extending from shoulder to cuff, lines for which are marked by perforations in the pattern. The cuffs are plain and rounded on the corners, and the collar band is shaped to the neck. The box-pleat may be made separately or stitched upon the bodice as may be preferred. When made separately, it is stitched on both sides and has five eyelet holes under the centre. The waist is finished under this band by plain hems, which should also be closed by eyelet holes. A pattern of the standing collar does not accompany that of the bodice. This bodice will prove a very attractive one for light fabrics, such as batistes and lawns, fine dotted Swiss, or sheer nainsook.

To make this shirt waist 3 yards of nainsook, 36 inches wide, will be required, also 1/2 yard of 22 inch embroidery, and 1 1/2 yards of insertion for finishing edge of yoke.

THE BEST SPRING TONIC.

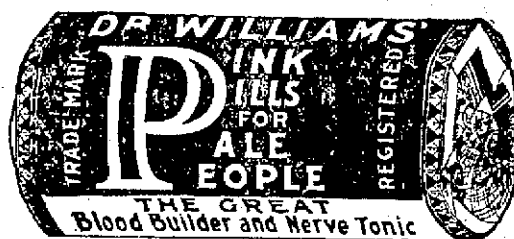

As winter passes away it leaves many people feeling weak, depressed and easily tired. This means that the blood needs attention and sensible people always take a tonic at this time of year. Purgatives are not the right medicine—they weaken instead of strengthening.

Dr. Williams' Pink Pills for Pale People are the best tonic medicine in the world and do not act on the bowels. They stimulate the appetite, enrich the blood, strengthen the nerves and make people feel bright, active and strong.

Do not accept a substitute. Look for the full name on the package.

Many women are languid, peevish, sallow, no appetite, full of aches and pains, and generally out of sorts. This condition prevails because the blood has become impure. No one is better able to speak of this fact than Miss Hazel Snider, a charming young woman of Arlington, Ind. To-day she has rosy cheeks, sparkling eyes and a plump form, which prove that she is in good health. A year ago Miss Snider did not look so. She was very thin, her cheeks were pale, her eyes sunken and dull. She was troubled with nervousness and general debility. "I had been sick some during my life," she said, "but not any more than the average girl, and was considered strong and healthy. I had prepared to teach school, but became so run down that I did not feel like teaching, and gave it up. I disliked to do this, but my mother and physician urged it. I began to grow pale, weak, lost several pounds of flesh, was stupid, and had no ambition. My appetite failed. My blood was in a bad condition, having become thin and watery. After several months' treatment from the family physician we saw he could do me no good. I was discouraged and did not know what to do. "One day I read an item in a paper of the wonderful curative qualities of Dr. Williams' Pink Pills for Pale People. Shortly afterwards a neighbor came in and told me about her experience, and how they cured her. I finally tried the medicine, and when nearly through with the second box noticed a change for the better. After I had taken eight boxes I was cured, and have had no occasion to take any kind of medicine since. I feel that I owe much to Dr. Williams' Pink Pills for Pale People, probably my life, and I advise any one suffering with troubles similar to mine, to take these pills." Miss HAZEL SNIDER.

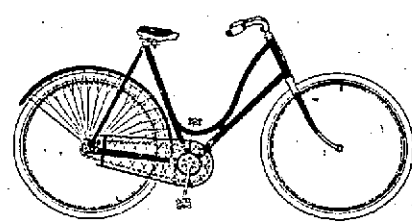

Sold by all druggists or sent, postpaid, by the Dr. Williams Medicine Co., Schenectady, N.Y., on receipt of price, 50 cts. per box; 6 boxes, \$2.50.

PROSPERITY IS GENERAL

The people of the so called "silver
states" are beginning to realize that free
silver is not the cure for commercial ills
that they used to think it was. Wise
tariff legislation has brought them to
the realization of this truth, and the fol-
lowing, from the Tacoma, Wash., Ledger,
shows the sentiment of that section:
"The general advance in wages is an
evidence that prosperity has become
general instead of being confined to cer-
tain classes. It may be that the work-
ingmen of the country are in no better
condition than they were in former
years, so far as wages are concerned, for
the advance in the cost of living may
have been equal to the advance in
wages. Still, they are in much better
condition in other ways. Where two
years ago hundreds of thousands of
workingmen were idle, they are now em-
ployed, and their wages have kept pace
with the increased cost of living.

This is evidence of general prosperity,
for the advance in nearly all commodi-
ties has benefited the producers, espe-
cially the great mass of American pro-
ducers, the farmers.

If this increased cost of living had
not been followed by an advance in
wages, prosperity would have been one-
sided and oppressive to the workingman.
As it is all are now prospering together
and like degree. The advance agent
did not belie his show. Everything ad-
vertised on the bills has been exhibited."

STILL BUYING LACES.

Consul General Du Bois writes from
St. Gall, February 28, 1899:

"The export of embroideries, laces and
handkerchiefs to the United States dur-
ing the month of February, 1899, is the
largest known since the establishment of
the consular office here. The total ex-
port was \$712,756 worth, and the export
for the same month last year was \$499,-
244. Every available machine, both
Hamburg and Schiffler, is in operation,
and the great industry is experiencing a
season of activity which shows a grow-
ing demand for the popular fabrics
which they produce. The indications
now are that considerably over \$7,000,-
000 worth of embroideries, laces, cur-
tains and handkerchiefs will be furnished
to the United States by the St. Gall ex-
porters during the present year."

Thus it will be seen that the stringent
measures adopted to secure a true valua-
tion of these imports has not resulted
in any loss of business, while the reve-
nues of the government have been in-
creased, and all importers placed on the
same footing.

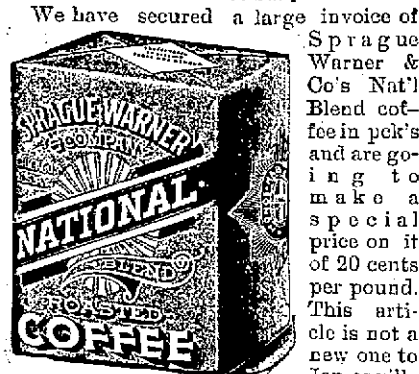

There seems to be no limit to the
commercial value of aluminum, and it is
put to new uses every day. Recently
tests were made in Finland to decide the
comparative value of iron and aluminum
as material for horseshoes. After six
weeks' use by the cavalry, the aluminum
shoes were in all cases proved to be in
better condition than the others.

THE CLOVER CROP—LOST

How Shall the Farmer Replace It?
Valuable Suggestions.

The clover crop of southern Wiscon-
sin is a total failure. Every mail brings
letters from farmers asking how to pro-
vide for their stock, and to most quickly
recover from the severe shock entailed
by such loss.

How to Get the quickest Pasture.

A field of oats or barley will furnish
the quickest pasture it is possible to ob-
tain, barley being a little earlier than
oats. Sow oats or barley as for a grain
crop, and when the young plants are a
few inches high, turn in the stock and
treat the field as though it were a pas-
ture. If the cattle do not graze the
field evenly, run the mower over the
patches where the growth is excessive.
By keeping the growth short it will last
much longer than if allowed to head out.
It is recommended that, as an experi-
ment, clover and timothy seed be sown
with a part at least of the oats or barley,
in the hope of securing a stand for next
season. The farmer who can pasture his
out or barley field and get a crop of
clover started at the same time, will be
one year ahead. This recommendation
must be regarded as an experiment, but
it has been successfully tried in a num-
ber of cases.

Oats and Peas.

Let the farmer also put in a patch of
oats or peas. Sow a bushel and a half
of peas per acre, covering three or four
inches deep on light soil, and one or two
inches on heavy soil. After these are
planted sow or drill the oats in the usual
manner. Cut the green forage for the
cattle, or cure for hay.

For winter hay sow millet or hunga-
rian grass from the 10th to the 30th of
June, using from a bushel to a bushel
and half of seed per acre. When the
seed heads are coming into blossom, cut
and cure for hay. Millet or Hungarian
grass will yield from one ton to two and
a half tons of good quality hay per
acre. Horses should not be given over
one feed of millet hay per day.

Corn Fodder

Any variety of corn will do for green
or dry forage, the early kinds being the
most suitable for early fall feed. Sweet
corn is very satisfactory because the
stalks are soft and palatable. Plant in
hills or drills just thick enough to choke
the ears down to about half their normal
size. Begin feeding as soon as the ears
are glazing, and continue with the dry
forage throughout the winter. From
three to six tons per acre of winter
forage suitable for all kinds of farm stock,
can be secured from a corn crop grown
on good land.

Last season, the farmers of southern
Wisconsin secured for the first time in
several years a good "catch" of clover;
its loss is little short of a calamity. Let
no one be discouraged, however, or part
with his live stock, but rather let him by
careful foresight and unusual effort
bridge over the short bridge of diffi-
culty.

W. A. HENRY, Director,
Wisconsin Agricultural Experiment
Station.

Prophetic.

The Paris papers are telling an in-
teresting story of a newly elected mem-
ber of the French senate. M. Bassinet,
like many of his colleagues, is a self-
made man, and began life as a jour-
neyman mason. In that capacity he
was employed to renovate the sculp-
tural facade of the Luxembourg Palace,
when the architect, noting his skill and
industry, said to him by way of en-
couragement: "Why, you couldn't be
making a better job of it if it were
your own house." The young work-
man smiled, and is said to have an-
swered: "One never knows what the
future may bring forth." He had at
the time no political aspirations, but
all the same he now sits as senator in
the building he helped to adorn.

Kaiser's Vandalism.

Two thousand large trees in the Ber-
lin Thiergarten have been cut down,
leaving many acres of the park bare.
The excuse is that they made the
ground damp and unhealthy and
served as a hiding place for criminals,
but the Kaiser's taste for formal land-
scape gardening and for statues is be-
lieved by Berlin people to be the real
cause of the vandalism.

GOOD PROGRESS FOR

G. A. R. VETERANS

MANY FROM HERE WILL VISIT
MILWAUKEE.

Janesville Will Send a Good Sized Dele-
gation Next Month—Hearty Recep-
tion Will Await All Visitors—May
Sixteenth Will Be Reunion Day For
All Soldiers.

Local Grand Army veterans, who will
visit Milwaukee next month to attend
the state encampment, will find await-
ing them a most hearty welcome and an
interesting program.

For the first time in nine years the
state encampment of the G. A. R. will
be held in Milwaukee. The encamp-
ment will be held May 16, 17 and 18,
and promises to be one of the largest
gatherings of the members of the G. A.
R. in the state of Wisconsin which has
ever been held.

At the present time there is practically
only one candidate for the position of
department commander, General Henry
Harnden of Madison. All of the other
men who were mentioned in connection
with this office have withdrawn, and it
is probable that General Harnden will
be elected by acclamation.

The Milwaukee posts of the G. A. R.
are making extensive preparations for
the proper reception and entertainment
of their brothers from the state.

The program committee has arranged
that May 16 shall be reunion day and
the Robert Chivas Post hall and other
halls have been secured for the various
regiments for their reunions. The
Robert Chivas Post hall is held as the
general reunion hall where the regiments
can hold their meeting. May 17 will be
the first day of the encampment proper.
In the morning there will be a session
at the Robert Chivas Post hall, and in
the afternoon the parade will be held.
During the afternoon there will be an-
other session of the convention, and in
the evening there will be an immense
camp fire at the Exposition building.
May 18 will be the last day of the en-
campment, when the officers will be
elected.

ROCK COUNTY BOY

KILLED AT BARABOO

BENNIE TUBBS, A VICTIM OF A HORRIBLE ACCIDENT.

Appalling Accident Happened This Morning at 2 O'clock on the Northwestern Tracks, a Mile From Baraboo—Three Killed and One Injured—Tubbs Well Known Here.

An appalling accident happened this morning, in which a well known Rock county man lost his life. The young man was Bennie Tubbs of Milton Junction.

Two other lives were lost, and another in the party of four was badly injured, but will recover.

The accident happened this morning at 2 o'clock, one mile from Baraboo at Crawford's Crossing on the line of the Chicago & Northwestern road. The dead are:

BENNIE TUBBS, of Milton Junction.

WILLIE WELCH, of Waukegan.

KITTE MANSFIELD, of Vernon county.

Frank McDonald's leg was broken, and he sustained other slight injuries, but will recover.

The four young people were returning from a social party at the home of Dr. Cousin and were walking on the double track of the Northwestern road, when they observed a passenger train approaching from the north and stepped to the other track, when the fast mail from the south, which leaves Janesville at 12:10 a. m. running at a rate of fifty miles an hour struck all four of the party, with the result as above stated.

WORK FOR COUNTY CLERK

Mr. Starr May Be Called On to Issue Marriage Licenses

If the True marriage license bill passes, County Clerk P. F. Starr will have to issue the licenses. The first bill made this the duty of the Register of deeds, but the substitute assigns that work to the county clerk. In states where there are marriage license laws the duty of issuing the licenses is generally assigned to the county clerk. While Mr. Starr expects some fun when blushing swains wait up to the window for a permit to get married, he is not especially anxious for the extra work it will involve. Strangers have often inquired at the county clerk's office if it was necessary to take out a license to marry and at the same time asked for a justice of the peace who could tie a good, tight matrimonial knot.

HONOR OF HER DEPARTURE

Two Functions Given For Miss Palmer Who Leaves For Europe

Mrs. M. O. Mount entertained a number of young lady friends last evening at her Court street home in honor of her sister, Miss Elizabeth Palmer, whose departure for Europe takes place Monday. A tempting repast was in order at 6 o'clock and a musical program followed. This afternoon Miss Mae Valentine entertained at her North Jackson street home in honor of Miss Palmer. Her visit in Europe will cover a year's period during which time she expects to spend much time studying music in Berlin.

ENTERTAINED FIFTY COUPLE

Mr. and Mrs. Archie Reid Were Hosts Last Evening

Fifty couple were the guests last evening of Mr. and Mrs. Archie Reid at a most delightful social function given at their Milton avenue home. At 6:30 o'clock a most tempting repast was in order served at small tables. During the serving of refreshments the Orpheus Mandolin club rendered delightful music. The rooms were tastefully decorated with flowers and the evening was pleasantly passed in cards.

HELD ON MURDER CHARGE

James Hess Formerly of This City in Fond du Lac Jail

James Hess, brother to Jack Hess and a former well known Janesville boy is now in jail at Fond du Lac on the charge of murder.

Several weeks ago Policeman William Prinslow of Fond du Lac, was shot and killed, and since then several men suspected have been placed in jail.

The evidence against Hess is said to be very slim and it is quite evident that the Fond du Lac officials fully realize that they have the wrong man in Hess.

NEW LAW REGARDING WALKS

Give the Common Council Power to Take Care of Walks

A law has been enacted by the present legislature which should receive the attention of every common council. It provides that the common council of any city may by resolution decide to have the city take care of all the sidewalks of the city after having been laid. The law reads:

"Whenever the council shall by resolution or ordinance so determine, the sidewalks of the city shall be maintained and kept in repair by and at the expense of said city, after such sidewalks shall have been first laid by the lot owner and accepted and approved by said city."

Why Corns Ache.

People feel their corns ache and their bones rheumatic when rainy weather is at hand because of the dampness of the atmosphere upon the body, and causes a temporary disturbance of the system. All general disturbances of the body manifest themselves in those parts which are in a morbid state—as in a corn, a rheumatic bone or a decayed tooth.

Chicago Live Stock Report.

Chicago, April 21.—Trade in general had more agreeable tone today, with all change in prices toward improvements. Some heavy steers were still slow sale, but all handy beef grades sold readily at firm prices; hogs at 2 1/2 @ 5c. advance, and some lambs that were held over sold at 10c advance on the best price they could have been made late the day before and all fresh stock close to the best prices of the week. Receipts were estimated at 1,500 cattle, 15,000 hogs and 6,000 sheep. About all offerings but the heavy steers sold very readily and at quite satisfactory prices. The demand has recently been for the lighter and handier beef steers and the fat heavy steers have suffered most decline this week.

ROOFS ONLY ABOVE WATER.

Missouri Rising and Inundating AP Bottom Lands.

Sioux City, Iowa, April 22.—The Missouri fell here Thursday, but last night it rose higher than before, and it continues to rise. For many miles about Sioux City only the roofs of the bottom farm houses are projecting. The water is in the streets in several small towns and numerous rescues were made from houses where the occupants had been cut off by water during the night. The depth of the water on the flats is from five to fifteen feet. No deaths have been reported, but the property loss is enormous.

Troops Pursue Rebels.

Manila, April 22.—At 6 o'clock this morning three companies of the South Dakota regiment marched from Bocaue, and in conjunction with three companies of the Minnesota regiment from Guiguinte, north of Bocaue, encountered a rebel force, numbering fully 500 men, when two miles out. The enemy retired three miles in fairly good order, in spite of the fact that they suffered heavy losses. The Americans, having exhausted their ammunition, were compelled to return to their camps.

Sees War in the Future.

Antwerp, April 22.—Gen. Henri Brialmont, the noted Belgian writer on military affairs, recognized as the foremost European authority on armaments and fortifications, who is now in Antwerp, declares that it is impossible for the czar's arrest of armaments conference to come to anything. The present attitude of the United States, France and Germany, together with the arrogance of Great Britain, in his opinion precludes all chance of success.

To Conquer Cuban Bandits.

New York, April 22.—A special to the Herald from Washington says: "The Tenth United States cavalry, the colored regiment which did such brilliant service in the Santiago campaign, is to have another tour of duty in Cuba. The regiment is now in Texas. It has been ordered to leave as soon as possible for Santiago. Part of the regiment will be stationed at Manzanillo and the remaining troops at Santiago. It will operate against bandits."

Report of Plague Is False.

Paris, April 22.—The police officials announce that there is utterly no foundation for the report, circulated by the friends of this city, that three cases of the plague have occurred among the employees in one of the big stores of this city, to which the disease was alleged to have been brought in carpets of eastern manufacture.

Can Fire 2,700 Shots an Hour.

Vienna, April 22.—The Fremdenblatt reports the invention of a rifle capable of firing 2,700 shots an hour. The magazine of the new weapon holds fifteen cartridges. Tests are being made at the imperial arsenal.

"What's the matter, old man? Been losing on wheat?" "No, not that, forgot to take Rocky Mountain Tea last night." Wife said I'd be sick today." Smith's Pharmacy, Kodak agents.

Lynchings Trial Is Ended.

Charleston, S. C., April 22.—The Lake City lynching case was given to the jury in Judge Brawley's court Friday afternoon. It is said to stand seven for conviction and five for acquittal.

INTERFERING WITH ARMY.

Cabinet Meeting Discusses Law of Treason.

VOLUNTEERS TAMPERED WITH.

Our Forces in the Philippines Said to Have Been Encouraged to Demand Their Discharge from Active Service—Severe Action May Be Taken.

New York, April 22.—A dispatch to the Press from Washington says:

"A serious subject was discussed Friday at the cabinet meeting. It was in relation to traitors and the laws of treason. When the discussions in the senate discovered the sentiment hostile to an American occupation of the Philippines, and when it was realized that Aguinaldo was being encouraged to revolution by the public utterances and private advices of certain public men, the question of giving aid and comfort to the enemy and inciting to revolt against lawful authority came under sharp examination, but there was no arrest, as there would have been in the days of the civil war, for such an offense against the government."

"The president preferred a policy of liberality and toleration until recently, when there came into the possession of the administration much evidence incriminating United States citizens under the charge of sedition."

"Certain individuals known to the government have been trying not only to aid Aguinaldo but to weaken our army by spreading discontent among the volunteers. Telegraph messages from anti-expansionists and from others zealous to gain political advantage have been captured encouraging volunteer officers and men to demand their return from the Philippines on the ground that peace had been declared."

"Messages even counseled the volunteers to go to the length of refusing to serve in the Philippines."

"What the president will do is not yet decided. It will not be surprising if a warning in the shape of a message will remind the mischief-makers there is a serious law against treason, which will be enforced if there is any further attempt to tamper with the men at the front."

THINKS EUROPE IN DANGER.

German Paper Advocates United Action Against Britain and America.

London, April 22.—The Vienna correspondent of the Times, dwelling upon "the displeasure and jealousy which America's naval and military prowess, coupled with her rapprochement to Great Britain, has produced throughout Austria-Hungary, intensifying the apprehensions long held here regarding her astounding industrial and commercial progress, quotes an editorial organ, on the Samoan imbroglio."

The Vaterland describes the Samoan affair as "one of the most important subjects to European state policy, an international diplomacy that can arise for a long time to come." The editorial continues in the following vein:

"The first shot Admiral Kautz fired at Samoa was the initiation of a policy of aggression against Europe, the commencement of a struggle for naval supremacy."

The Vaterland attributes most of the difficulties confronting not only German races, but all continental powers, to the "Shylock policy of Great Britain" and to American commercial competition. It regards the Anglo-American combination as superior in naval and economic strength to either the dual or the triple alliance, and advocates united action by all European powers against it.

May Break Up the Dreihund.

Paris, April 22.—Another mysterious naval order was issued from the ministry of marine Friday, and the cruiser Dubourdieu, ordered several days ago to equip with ammunition and guns, left Brest. Contre Admiral Escand, commander of the division of the Atlantic squadron, who was aboard the Dubourdieu, was abruptly ordered to Paris. These secret movements in naval circles, which began Wednesday, are thought to be the direct result of the recent visit of the French fleet to Sardinia. The triple alliance is thought to be in danger.

Safe Trust Is Being Formed.

New York, April 22.—Manufacturers of safes are forming a combination. One of those interested said that representatives of ten of the twelve safe manufacturers of this country had held a meeting which resulted in the appointment of a committee of three to approach the two concerns not represented and to form a basis for combination. It is proposed to capitalize the company at 7,000,000 preferred stock and 10,000,000 common stock.

Asks Station in Philippines.

London, April 22.—The Daily Chronicle says: "We are informed that during the Hispano-American war Germany proposed to the United States the cession of a coaling station in the Philippines in the event of annexation, together with the exchange of commercial privileges. The United States replied that the proposal was premature."

Ninth Illinois in Georgia.

Savannah, Ga., April 22.—The Ninth Illinois regiment arrived at quarantine last night on the transport Dixie. It will go into detention camp for five days at Daufuskie island and on Wednesday or Thursday will go to Augusta to be mustered out. The men are in excellent health.

NOT READY TO ADJOURN.

Wisconsin Legislature Again Postpones Its Day of Disunion.

Madison, Wis., April 22.—There is now little hope that the legislature will finally adjourn next Friday, and the session will probably continue until May 5. The senate resolution fixing April 21 as the date of final adjournment was taken from the table in the assembly, and an amendment was offered to make the date April 23. The resolution was again laid on the table.

Assemblyman Humphrey's bill, making a 2-cent fare on railroads, was on the assembly calendar for indefinite postponement, but its author again saved it by having the measure laid over until Tuesday evening. A bill was reported in the assembly by the committee on state affairs appropriating \$25,000, and providing for a state commission to the Buffalo pan-American exposition.

An attempt was made to reconsider the vote by which the Sheridan drive bill was killed in the lower house.

There was a tie vote of 44 to 44 on the motion, and it was lost.

An amendment was offered to the general fish and game bill which will prevent the sale of brook trout by professional fishermen. The bill with this amendment was approved by the senate.

Two large appropriation bills passed the senate. One gives \$895,000 for expenses of state charitable and penal institutions, and the other \$341,900 for improvements and additions to these institutions.

IS SOUGHT BY LOUISVILLE.

Kentucky City Trying to Secure a National Convention.

Louisville, Ky., April 22.—The movement to secure the next national democratic convention for Louisville is taking shape. It is to be brought forward at the coming Ohio Valley League convention. The general and executive committees of the latter convention have the matter in hand, and are already in correspondence. The arrangements for the bi-metallic convention are almost complete.

Hull Not a Candidate.

Des Moines, Iowa, April 22.—Congressman Hull said yesterday that he could not be a candidate for speaker of the house under any circumstances, on account of his chairmanship of the committee on military affairs. Formerly he had an ambition to occupy the speaker's chair. Mr. Hull said he was confident that a western man would be elected. He regarded Hopkins as a very strong candidate, and thought the Illinois delegation would unanimously support him.

Yellow Fever in Havana.

Havana, April 22.—Two new cases of yellow fever developed in Havana Friday, making five officially reported. There are no Americans among them, and, as far as is known at the office of the chief surgeon, there is only one American in Cuba with the fever. He is a discharged private.

Accepted by Mine Operators.

Springfield, Ill., April 22.—The mine operators of the Springfield sub-district have acceded to the demands of the miners and will pay the scale asked for outside laborers, paying under protest, pending the decision of the state board of arbitration. The wages of 1,000 men are affected.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

is equal to any blood trouble, and goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics; etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.—nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

Every Garden Planted With Landreth's Seeds Will Yield Abundantly.

The time is at hand for garden and flower bed making. There is the usual rush for seeds, with an additional rush at our store. Only one thing to lay it too---LANDRETH, the cause. We handled LANDRETH Seeds last season and the season before; and each year finds a large increase in trade over the previous one. The fact that the LANDRETH seed house has been in business for 115 successive years gives buyers perfect confidence in the qualities of seeds at once. It is but natural that in that time the LANDRETH'S should have found the best way to raise seeds for planting and the best qualities to place on the market. We have never had a customer yet disappointed in LANDRETH Seeds. Of course, under certain conditions of soil, etc., any seed will not grow, but where there is a chance at all, LANDRETH'S will outstrip any seed in all qualities.

You Run No Chance Of Old Seeds.

Most seed houses are not particular about what is done with the old seed left over from last season and many times it is mixed with the new. Not so with LANDRETH'S. Old stock is burned up at the end of each season, so that you are perfectly safe in purchasing.

Try Landreth's Seeds This Year.

that we talk about is the man's Regent. This shoe is without equal at \$3.50 a pair. The price is popular, and in all the large cities this style meets with a ready sale. You can look till your eyes stick out to find anything to beat it except at \$5.00. We guarantee its wear and there isn't in anything else, any snappier styles shown.

What makes it a Great Value? It is well sewed; close stitches that will not rip. It has the English back stays. It has all the style attachments of the present day. It is firm and solid in shoemaking and the stock it is made of has the absolute guarantee of the manufacturers and WE make right every pair that is not satisfactory.

Shoes with Character And Dignity . . .

—Like men—are quickly distinguished by people of good judgment from the ordinary imitations that are similar in shape and appearance but entirely different in quality and reputation. There are many Shoes—the same as men—with great pretensions, but they do not wear and give satisfaction.

Our Shoes

are all made to wear, are as 'solid as the Rocks,' and yet have the jingle and snap that you all want. You are not fully dressed unless you wear the Bennett Shoes. We carry the assortment to select from; you know when you buy a Shoe of us, it is guaranteed to give satisfaction.

We carry the popular priced men's Shoes in all colors and lasts, the same as our Stacy-Adams Shoes in style; many people would say they were worth \$5.00, but we are only asking **\$3.50**
We are also carrying a popular priced ladies' Shoe in black or tan **3.00**

We have higher grade, or cheaper, just to suit you. You name the price that you want to pay and we will surprise you in the quality and style of Shoes. Our line of boys', youths', misses' and children's were never better.
